4.2 Library as a Learning Resource — Marks (20)

4.2.1 Q.M Library is automated using Integrated Library Management System (ILMS)

(Marks-04)

Name of the ILMS Software – SOUL 2.0

Nature of Automation - Partially

Version- 2.0

Year of Automation - 2020

Libraries are the backbone of every educational institution. It plays very important role in teaching and learning process. It is helpful for the students who are unable to purchase the book as well as for the other student also. They can make the best use of library for their learning. The total collection of our college library is 20,134 which comprise text books, reference books, novels, story books, competitive exam books, some rare books and some special collection. To fulfill the current informational needs of the users the library purchased some magazines and newspaper on regular basis.

In the era of information communication technology library also adopt technology for providing better library services to the users. To provide the access of e-resources like e-books and e-journals library has taken the subscription of N-LIST. For automating the library SOUL2.0 ILMS (Integrated Library Management System) software has been purchase by library and the work of book data entry has been going on with the regular library services. The library doesn't have the reading room facility but the space which is available in front of the library is used by the student for reading purpose. Internet access facility with one computer and reprography service is also provided by the library. Book bank facility for SC/ST/BPL category students is also provided by the library. To make aware about the library resources and services library orientation program for the 1st year students has been organized every year. For the excess of e-resources workshop of N-LIST is also organized for the students and faculty members.
